Press Release

Rossell Techsys Ltd. Reports Positive Stock Momentum Amid Optimistic Outlook Following Demerger and Re-Listing

Bengaluru, [December 10, 2024] – Rossell Techsys Limited, a leading player in aerospace and defense engineering and manufacturing solutions, is pleased to announce strong stock performance following its recent re-listing on the stock exchanges after a demerger from its parent company, Rossell India Ltd. This development highlights the market's positive response and growing investor confidence in the company's future growth potential.

The re-listing and demerger mark a significant milestone for Rossell Techsys Ltd., positioning the company to capitalise on new opportunities and drive focused growth. The robust stock performance is a testament to the keen interest and trust that investors and market participants have shown in Rossell Techsys' strategic direction and commitment to excellence. The company aims to harness new opportunities in the aerospace and defence sectors while diversifying into cutting-edge domains such as space, energy, and advanced transportation technologies.

Commenting on the achievement, **Mr. Harsh Gupta, Chairman**, said: "Our journey as an independent entity opens new doors of opportunity. The strong market response reaffirms our strategy and vision for the future. We are committed to creating long-term value for our shareholders by maintaining our focus on innovation, operational excellence, and ethical practices."

Mr. Rishab Gupta, Managing Director, added: "We are delighted to witness this strong investor response and positive market sentiment. This support motivates us to continue driving innovation, delivering high-quality solutions, and creating value for our stakeholders. We remain committed to leveraging our strengths and pursuing sustainable growth across all our business areas."

Rossell Techsys is a global leader in aerospace and defense, renowned for delivering world-class solutions. It is Asia's only A&D firm with 45 audited processes and the prestigious NADCAP AC7121 certification. The first Indian A&D company to win Boeing's "Supplier of the Year" award in 2015, it repeated the honor in 2019—an achievement unmatched by any other Indian private company. With over 25 accolades in 12 years, Rossell Techsys continues to set benchmarks in quality and innovation.

With an aggressive double-digit global growth strategy, Rossell Techsys Ltd. aims to achieve significant expansion and strengthen its market position over the next five years. The company will focus on both organic and inorganic growth opportunities, domestically and internationally, ensuring it remains at the forefront of innovation and market leadership.

About Rossell Techsys Limited

Rossell Techsys Limited (ROSSTECH). is a leading aerospace and defense company specializing in innovative engineering solutions. With a robust portfolio of products and services, the company partners with global OEMs to deliver high-quality components and services.

Rossell Techsys Reports Positive Stock Momentum Amid Optimistic Outlook Following Demerger and Re-Listing

Bengaluru, 11 December 2024: Rossell Techsys Limited, a leading player in aerospace and defense engineering and manufacturing solutions, is pleased to announce strong stock performance following its recent re-listing on the stock exchanges after a demerger from its parent company, Rossell India Ltd. This development highlights the market's positive response and growing investor confidence in the company's future growth potential.

The re-listing and demerger mark a significant milestone for Rossell Techsys Ltd., positioning the company to capitalise on new opportunities and drive focused growth. The robust stock performance is a testament to the keen interest and trust that investors and market participants have shown in Rossell Techsys' strategic direction and commitment to excellence.

As a part of the new direction, the company aims to harness new opportunities in the aerospace and defence sectors while diversifying into cutting-edge domains such as space, energy, and advanced transportation technologies.

With an aggressive double-digit global growth strategy, Rossell Techsys Ltd. aims to achieve significant expansion and strengthen its market position over the next five years. The company will focus on both organic and inorganic growth opportunities, domestically and internationally, ensuring it remains at the forefront of innovation and market leadership.

Commenting on the achievement, **Mr. Harsh Gupta, Chairman**, said: "Our journey as an independent entity opens new doors of opportunity. The strong market response reaffirms our strategy and vision for the future. We are committed to creating long-term value for our shareholders by maintaining our focus on innovation, operational excellence, and ethical practices."

The company recorded a 17% year-on-year revenue growth in FY23-24, achieving ₹216 crores while part of its parent company, Rossell India Ltd. Currently, Rossell Techsys has confirmed purchase orders worth ₹900 crores and has entered into long-term strategic agreements with global customers totalling over ₹2,800 crores. These agreements include partnerships with industry leaders such as Boeing, Lockheed Martin, Honeywell, and Israeli Aerospace Industries.

Mr. Rishab Gupta, Managing Director, commented: "We are excited about our growth prospects. There are several untapped markets for us in Europe, the Middle East, and India. We are already in discussions with leading companies in these regions—not just in aerospace and defense but also in emerging sectors like space, energy, and advanced technologies. We are eager to expand our horizons and build a compelling growth story.

Rossell Techsys is a global leader in aerospace and defense, renowned for delivering world-class solutions. It is Asia's only A&D firm with 45 audited processes and the prestigious NADCAP AC7121 certification. The first Indian A&D company to win Boeing's "Supplier of the Year" award in 2015, it repeated the honor in 2019—an achievement unmatched by any other Indian private company. Rossell Techsys Receives Outstanding Supplier Recognition at the 10th Lockheed Martin Suppliers Conference

Bangalore, India – 11 December 2024: Rossell Techsys Limited (ROSSTECH), a leading aerospace and defense service provider, has been awarded the prestigious "Outstanding Supplier Recognition" by Lockheed Martin at the 10th Lockheed Martin Suppliers Conference held at Bangalore. This honour was bestowed for its exceptional performance as a sub-tier partner, delivering high-quality products and services in support of Lockheed Martin's Global commitments.

The recognition highlights Rossell Techsys' commitment to delivering on-time solutions and superior customer service, placing it among a select group of suppliers that consistently meet Lockheed Martin's stringent global standards.

"We are delighted by this recognition from Lockheed Martin. It has been a strong relationship built on mutual respect, trust, and consistent adherence to Lockheed Martin's stringent requirements. It encourages us to continue to invest in purposeful, mutually rewarding relationships, aligned with the objectives of an 'Aatamanirbhar India'. We look forward to deepening our partnership as we explore future initiatives together", said **Rishab Gupta, Managing Director- Rossell Techsys Limited.**

"We are deeply honoured to receive this recognition from Lockheed Martin. It is a testament to the outstanding collaboration between Lockheed Martin and Rossell, supported by the expertise and commitment of our team. We remain committed to upholding the highest standards of excellence and strengthening our valued partnership with Lockheed Martin", added **Prabhat Kumar Bhagvandas, Director, Rossell Techsys Inc and Advisor -Rossell Techsys Limited.**

Lockheed Martin Leadership commended the partnership, stating: *"Rossell Techsys has been a key partner, from India, and has been instrumental in consistently delivering a unique customer focussed experience, high-quality products, fully complying to the global standards of Lockheed Martin, in the Sikorsky MH-60R SEAHAWK® helicopter program. Their reliability and robustness have been key to the success of the program, and we look forward to further enhancing our collaboration moving forward."*

Rossell Techsys' commitment to customer satisfaction, reliability, and consistent quality has earned it a trusted role in critical projects like the MH-60R helicopter, essential to global maritime defense operations, including for the Indian Navy. The company also supports Lockheed Martin on platforms such as the F-16, C-130J, Arrowhead, and Sonobuoy, reinforcing its position as a key partner in mission-critical defense programs.

About Rossell Techsys:

Rossell Techsys Limited (ROSSTECH), listed on NSE and BSE, is a leading provider of aerospace and defense solutions.
