Press Release

Rossell Techsys Recognized as Outstanding Supplier by Lockheed Martin

Bengaluru, November 3, 2025: Rossell Techsys Limited (**NSE & BSE: ROSSTECH**), a leading global provider of aerospace and defense engineering and manufacturing solutions, has been recognized by Lockheed Martin's Global Supply Chain Organization for *Outstanding Supplier Performance*.

At the Lockheed Martin Annual Suppliers Conference 2025 held in Bengaluru, Mr. Rishab Gupta, Managing Director, and Mr. Senthil Balasubramanian, Chief Executive Officer, received the ***Outstanding Supplier Recognition Certificate*** on behalf of Rossell Techsys.

The citation commended Rossell's "outstanding support, dedication, and commitment to success," and acknowledged the company's excellence in manufacturing cable harness assemblies in support of Lockheed Martin's Aeronautics, Rotary and Mission Systems, and Missiles and Fire Control programs.

Lockheed Martin further highlighted Rossell's collaboration, innovation, and creative cost-saving initiatives that drive affordability and contribute to the success of its global production programs.

"Lockheed Martin has been a valued partner in our growth journey," said **Rishab Gupta**, Managing Director, Rossell Techsys. "This recognition is a testament to the trust and synergy we have built over the years. It reflects our shared pursuit of quality, reliability, and innovation that power aerospace excellence."

Senthil Balasubramanian, Chief Executive Officer, added, "Behind this honor lies the relentless effort of our people—who deliver with precision every single day. We are deeply grateful for this acknowledgment and remain committed to exceeding expectations in every engagement."

About Rossell Techsys

Rossell Techsys Limited is a premier aerospace and defense manufacturing company specializing in electrical wiring interconnect systems (EWIS), electronic systems, and test solutions. Headquartered in Bengaluru, India, the company partners with leading global OEMs to deliver quality, precision, and innovation.
